

## Sea Shepherd Campaigns (Geography – Location Knowledge) KS2

Our campaigns take place across oceans all around the world covering almost all the seven continents. Below you will find listed just a few of our many campaigns, some current and some past.

Using a world map, locate these campaigns by the countries, oceans, or seas they are based in. Once you have found the campaign's location, write the continent it is found in on the line provided.

1. Operation Albacore – Gabon \_\_\_\_\_
2. Operation Nyamba – Mayotte \_\_\_\_\_
3. Operation Icefish – Southern Ocean \_\_\_\_\_
4. Operation Apex Harmony – Australia \_\_\_\_\_
5. Operation Pahu – New Zealand \_\_\_\_\_
6. Ghostnet Campaign – UK \_\_\_\_\_
7. Operation Milagro – Sea of Cortez \_\_\_\_\_
8. Operation Treasured Islands – Galápagos Island \_\_\_\_\_ and Cocos Island \_\_\_\_\_

Once you have located all eight campaigns listed above, research into each campaign to find out what they are doing to protect our oceans.

Extra challenge – while researching, see if you can find some more of our campaigns and learn a bit about them, then add them to your map.

# Sea Shepherd Campaigns (Geography – Location Knowledge) KS2

## ANSWERS
